

NAVY MEASLES QUARANTINE.

NEWPORT, R. I., March 10.—Fifteen hundred apprentice seamen in barracks B and C at the naval training station were quarantined to-day on account of the sudden development of fifteen cases of measles.

It is believed that the outbreak will not interfere with the supply of sailors to the Atlantic fleet, as most recruits of the ordinary seamen class who are ready for service are quarantined on training ships.

RECOVERY OF NEW JERSEY WOMAN

Due To Lydia E. Pinkham's Vegetable Compound.

Bridgeton, N. J.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound for inflammation and other weakness. I was very irregular and would have terrible pains so that I could hardly take a step. Sometimes I would be so miserable that I could not sleep a room. I doctored part of the time but felt no change. I later took Lydia E. Pinkham's Vegetable Compound and felt a change for the better after the second day. I took it until I was in a good healthy condition. I recommend the Pinkham remedies to all women, as I have used them with good results."—Mrs. Milford T. Cummings, 24 New Street, Bridgeton, N. J.

Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for the distressing ills of women such as displacements, inflammation, ulceration, backache, painful periods, nervousness and kindred ailments.—Adv.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It.

Dr. Edwards' Olive Tablets, the substitute for cod liver oil, get gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system.

They do that which dangerous cathartics cannot do without any of the bad after effects. All the benefits of castor oil, without griping, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil. You will know them by their olive color.

Take one or two every night for a week and note the effect. 10c and 25c per box. All drugstores.

FROM HIS DEATH CELL LIEBMAN SENDS APPEAL FOR PUBLIC SYMPATHY

Father Who Slew Child Says Poverty Drove Him to Crime—Commission Appointed.

Hyman Liebman, under sentence of death, has addressed a circular from the "Condemned Cells, No. 354 Hunter Street, Ossining, N. Y." in the hope of arousing the sympathy of the public and the press. Liebman on March 17, 1915, flung his seven-year-old daughter down an airshaft and killed her. He also threw his five-year-old crippled son down the shaft, but the latter survived serious injuries.

Liebman's case is now before the Court of Appeals and additional hope was afforded him last night when Warden Kirchway was informed from Albany that Gov. Whitman had decided to appoint a commission to inquire into the man's sanity, the alienists to arrive at the prison to-morrow for the purpose of examining him. The commission is to be appointed in the morning. Liebman has become insane since he was sent to the death house last June.

Liebman, in the circular he has sent out, says he had been reduced to such dire poverty he could only see starvation ahead for his children, and for that reason decided to kill them. He said his wife went out that morning to beg food, and that as he sat in the house alone he became crazed with his worries. He declares in a vague fashion that a Jewish charitable society "had taken away from us in a manner \$5,000 which I had saved under great difficulties in better times though they knew that I was a sick man for whom it was impossible to get work."

None of the Jewish charitable societies in the city recalled having any financial dealings with Liebman. "The meanest thing is," the circular adds, "that now some officials of that society are spending energy and money to keep my wife, hostile against me and at the same time keep her quiet about the circumstances preceding the tragedy. I ask the public in the name of justice not to allow that I be punished for something for which others ought to bear the moral responsibility, for I am already punished by having lost my best."

UNIVERSITY CLUB MAY ENLARGE ITS BUILDING

Has Option on Adjoining Property—Plan Is to Erect Six-Story Addition.

University Club members want the largest home in town.

They will not attempt to rival the Yale Club, with its new twenty-story building, because they like their own imposing structure at the northwest corner of Fifth Avenue and Fifty-fourth Street, which they intend to enlarge over the 27,201 sq. ft. at No. 3 West Fifty-fourth Street through to No. 5 West Fifty-fourth Street. They will meet a week from to-morrow to act on the purchase of the land.

George Sherman owns the property. He bought it in 1912, a year after the club bought the old St. Luke's Hospital block for its site. His residence is on the Fifth Avenue side. The Fifty-fourth Street lot has stood vacant. He gave an option on it to the club last year.

The addition will probably be six stories high, to conform with the main structure.

HARD COAL OPERATORS DON'T WANT A STRIKE

Will Reject Union Demands, but Would Accept a Wage Compromise.

Formal discussion of the 20 per cent. increase demanded by the United Mine Workers of America for miners in the hard coal region is the order of the day at the anthracite conference at the Union League Club. It is expected the operators will reject the demand in a written statement.

The operators, however, are not inclined to stand out against a reasonable compromise. Many of them are willing at the present moment to grant a 5 per cent. increase, or go as far as to split the union demand in two if recognition of the union is not insisted upon. The anthracite operators have a formidable organization.

and it is well known that there has been an abnormal storage of anthracite during the last six months, which is always an indication of a defensive move on the part of coal companies.

A member of the general conference told a reporter for The Evening World that a strike was the "last thing anthracite operators wanted."

The "last thing" the operators of George F. Huer were no longer the rule in the anthracite organization, and that if there be a general strike the miners and not the operators will be to blame.
